Entry Level Radio Broadcast Mixer

SLATED FOR A MARCH RELEASE, Sonifex's S0 is a high quality yet simple to operate radio broadcast mixer ideally suited to community radio stations, for educational purposes and for internet radio.

Easy to understand, the S0 includes a telephone hybrid for making and recording telephone calls and a 3.5mm stereo jack for plugging in an mp3 player.

The addition of a USB port allows for recording to a PC and for playing a PC automation system directly through the mixer.

The headphone outputs have a built in limiter to offer hearing protection and the studio speakers mute when a microphone fader is open, with automatic mic live sign switching. The S0 allows presenters and DJs to be up and running quickly with a fully featured radio studio mixer.

Features include:

- + Nine multi-function channel mixer.
- + Built in telephone interface.
- + Built in headphone volume limiter.
- + Large, simple LED volume display.
- + Remote output for fader starts.
- + Speaker muting when 'Mics' are on.
- + External mic-light switching output.
- + 'Programme' and 'record' outputs.
- + 'Aux' input for iPod or MP3 players.
- + Four microphone/line channels.
- + Four stereo line channels.
- + Switchable telephone/AUX channel.
- + Stereo USB audio to and from a PC.
- + Guest headphone 'talkback'.
- + Rack or flush mountable.
- + Integrated AC power supply.
